Damian Gommers

Modern, docile Limousin genetics

The 2011 Performance Sale will give you many choices. It will consist of approximately 70 Limousin and Lim-Flex bulls and 30 Limousin females. The genetic packages on offer are designed to improve both the productivity and sustainability of your cowherd. We are proud of our breeding program and aim to be your source of high performing Limousin genetics. At Mandayen we are always looking to identify cutting edge genetics that will enable our clients to add to the bottom line profitability of their business.

**COMMITTED TO
SUSTAINABLE BEEF
PRODUCTION**

The Mandayen Limousin stud is operated by Damian and Len Gommers at Murray Bridge and Keith in South Australia. Established in 1994 the stud now has the largest breeding herd in Australia and annually calves down approximately 300 performance recorded, registered Limousin and Lim-Flex females. The 2011 Performance Sale will once again be held on our Keith property at the "Eight Mile" sale complex. We feel this years bull draft is very even and the sires display the great muscling, softness and gentle dispositions for which Mandayen genetics have become well known. Once again both seedstock and commercial

clients will be able to select genetics to suit both their individual needs and budgets.

Mandayens' 2010 sale provided breeders' with the opportunity to obtain high quality genetics at very reasonable prices. 59 bulls sold to a highest price of \$14,000 with 36 bulls selling for \$4,500 or less.

Again in 2011 we will catalogue more bulls for you to choose from. Purchasing quality, semen tested bulls that are guaranteed, performance recorded and developed in large contemporary groups is a sound investment in the future of your beef business. At Mandayen we stand behind our bulls.

Why choose Mandayen?

- * **Performance recorded, beef class assessed stock**
- * **Animals tested under pressure in large contemporary groups**
- * **Australia's largest registered cowherd**
- * **Limousin assured warranty**
- * **Bulls semen tested and ear notch tested for BVDV (Pestivirus)**
- * **Free delivery of bulls to all SA, Vic, NSW and Tasmanian producers**
- * **Numerous carcass competition wins at major steer shows**
- * **Genetics with marketplace acceptance**
- * **Excellent follow up advice and customer service**

Beef Field Day Monday 7th of February 2011

We invite you to come along and inspect a selection of our 2011 sale team. They will be on display at our "Eight Mile" sale complex at Keith SA from 9 am.
